President's Message

Ladies and Gentlemen,

Hope you and your families are able to enjoy this holiday season. As I look back on 2010 and anticipate 2011, I am reminded by how quickly things are changing. Your leadership team is working on your behalf to keep you up to date on the latest ASHRAE technical information and topics. We are always open to your suggestions and recommendations for programs/topics.

The U.S. Army has set a new policy (Dec 2010) to approach the design and construction of new construction projects and major renovations by using Standard 189.1 as the baseline. To preview a copy of standard 189.1 "Green Standard" go to <http://www.ashrae.org/publications/page/927>

January 19, 2011 presenter, Bob Feduik brings years of experience and hands on knowledge modeling buildings. I hope you are able to take advantage of this opportunity to learn. Thank you to Lehigh Valley Chapter IFMA for the excellent joint meeting in November.

I look forward to seeing you at the January 19th meeting.

Thanks!

Donovan Denlinger
President
Lehigh Valley Chapter – ASHRAE
