"ASHRAE has provided me with a greater understanding of the industry, and by going to meetings and being involved, I see all sides of HVAC&R. ASHRAE has also provided good networking and good friends." *BS-Chicago, IL*

Which grade is right for me?

Affiliate Membership

is a low cost, introductory membership for new members who are under 30 years of age and are interested in the HVAC&R Industry. This membership grade is perfect for recent graduates who are just getting started in their careers and want to get plugged into the industry quickly. Affiliates receive monthly issues of the ASHRAE Journal and Insights (society newsletter), newsletters and significant discounts on the ASHRAE Handbook and publications, continuing education courses and professional development. Affiliate membership lasts for up to three years and annual dues for this grade of membership are \$40 US.

Associate Membership

is open to anyone who has an interest in matters of design, operation, or maintenance in HVAC&R-related fields. As an Associate Member you will have opportunities to hone technical and professional skills, participate in leadership roles, and influence the global HVAC&R industry marketplace. As part of your membership, you will receive a copy of the annual ASHRAE Handbook, a "how to" reference tool that will put the best technical research right at your fingertips, in addition to your other benefits of membership. This grade of membership is for those who have been in the industry for a few years and are focused on developing skills to get ahead in their fields. Annual dues for this grade of membership are \$150 US.

Membership

is open to anyone who has a combination of education, professional licensure and work experience equivalent to twelve years service in the HVAC&R industry. Qualifying work experience is based on a combination of experience in areas such as research, design, contracting, engineering sales, engineering management and/or teaching. This grade is for those involved at a high level in their organizations who want to be leaders in the association and the industry. Annual dues for this grade of membership are \$150 US.

"ASHRAE ... has enabled me to hone my technical knowledge, network amongst professionals from the industry as well as gain international exposure and awareness regarding changes happening in the global HVAC&R industry..." *AV-New Delhi, India*

www.ashrae.org

networking opportunities

- meet with experts in our profession at chapter, region and Society meetings.
- connect locally, regionally and internationally with 165 chapters worldwide.
- connect in the online forums in ASHRAE's newsletters — Society Connections (twice monthly), and HVAC&R Industry (weekly).

continuing education

- stay sharp with seminars & courses from the ASHRAE Learning Institute.
- maintain your professional designation/license with 40+ courses.
- earn PDHs / CEUs / AIA LUs.
- enhance knowledge, communication and management skills by taking an active role in a technical program or technical committee.

career services

- take professional development and educational courses to enhance your marketability in the workplace.
- post jobs or seek employment on ASHRAE's online career services program.

technology

- learn from the experts at chapter, region and society meetings.
- learn from the ASHRAE Journal (monthly application-oriented articles in both print and digital format, included with membership at no additional charge).
- learn from the ASHRAE Handbook (yearly "how to" reference, included at no additional charge to Members & Associate Members).

discounts

- get discounts on over 300 ASHRAE Publications, meeting registrations, continuing education and more!

"After getting involved with ASHRAE, not only did I get to know all of the movers and shakers in the Central Texas HVAC&R industry, I also go to meet a lot of great friends and network both personally and professionally." *DH-Fayetteville, AK*

We're in the business of growing leaders.
