

BSEG, LLC is a dynamic and growing full-service consulting engineering firm specializing in Mechanical and Electrical design. Our firm was recognized as one of the ***“Fastest Growing Companies”*** in the Lehigh Valley for 2017 and 2018.

Job Description: Project (HVAC) Engineer

We have an immediate opening for a motivated Mechanical Engineer with 4 to 9 years of experience in HVAC design. Project work includes the following market sectors: commercial, health-care, multi-family, retail, industrial, hospitality and institutional facilities.

Requirements:

- Preferred candidate should possess a BS or BAE degree in Mechanical or Architectural Engineering with HVAC emphasis.
- Minimum 4 years of experience in HVAC design with a consulting engineering firm.
- EIT or recent PE registration a plus but not required.
- Candidate should be proficient in AutoCAD, REVIT, and Carrier HAP.
- Candidate should be familiar with current building codes and standards (ICC, NFPA, ASHRAE)
- LEED or green building experience a plus but not required.
- Strong oral and written communication skills.
